## 7 ROW OFFICERS TO BE NOMINATED AT PRIMARY, SEPT. 9

Petitions Must Be Filed On or Before July 21st at Doylestown

## 2 SPECIAL ELECTIONS

Upper Southampton and Morrisville Will Vote On Debt Increases

Seven Bucks county row officers will be nominated at the primary election on Tuesday, September 9. Petitions to have the names of candidates printed on the ballots of their respective parties for the various offices, must be filed in the office of the County Board of Elections of Bucks county, in the Administration Building, Doylestown, on or before July 21, 1947, at 4 p. m.

County officers to be nominated include register of wills, county treasurer, clerk of Orphans' Court, two county commissioners, coroner, surveyor, and clerk of Quarter Sessions Court.

In boroughs throughout the county, assessors, school directors, auditors, justices of the peace and councilmen will be nominated. In the townships, supervisors, auditors, school directors will be nominated. Judges of elections and inspectors of elections will also be nominated throughout every district in Bucks county.

There will also be a special election in Bucks county and in Lehigh county (8th Congressional District) for representative in congress to fill the unexpired term of the late Congressman Charles L. Gerlach. The Republican candidate is Hon. Franklin H. Lichtenwalter, Center Valley; and the Democratic candidate is Phil H. Storch, of Allentown.

Morrisville Borough will vote on a \$120,000 increased indebtedness for the purpose of providing funds for the construction of additions and improvements to the existing water system in that district.

## National Convention Highlights Set Forth

Raymond Anderson, Eddington, a member of the Bensalem Rotary Club, who acted as proxy for the Bristol Rotary Club at the recent international convention of Rotary in San Francisco, told of the highlights of the convention when members met at the Elks' Home yesterday afternoon.

One new member, Walter Hendricks, was introduced at the meeting. Newly installed president, E. Keller Fox, presided at the meeting.

Three reels of good sport movies concluded the program yesterday. Guests were present from Trenton, Bordentown, N. J., and Bensalem township.

## BOROUGH LAWS HAVE BEEN REVISED

Councilmen Are Now Permitted To Receive Compensation for Services

## SIGNED BY GOVERNOR

HARRISBURG, July 11—(INS)—Approval of bills streamlining borough and second class township laws today marked the success of Gov. James H. Duff's legislative campaign to improve local government.

Duff appended his signature to the revised borough and township codes yesterday a few hours before leaving Harrisburg to attend the annual conference of governors at Salt Lake City, Utah.

Altogether, the Governor had cleared through his office 720 pieces of legislation, 663 of which he signed and 57 of which he vetoed. Five other measures, proposing amendments to the Constitution, remained in the Department of Commonwealth pending action by the next regular session of the General Assembly.

The outstanding changes in borough law accomplished in the code permitted councilmen to receive compensation for the first time ranging from \$6 to \$25 a month according to population and authorized borough to increase tax rates from 15 to 20 mills.

Both codes attempted to modernize regulations governing all phases of borough and second class township government. They were drafted by the local government commission, a legislative study agency, following an 18 months study.

## Hold Up Reward In Duck Island Murder

TRENTON, N. J., July 11—After learning of new evidence, that counsel for Clarence Hill says might clear the man convicted of the Duck Island murders, the Mercer County Freeholders on Tuesday voted to withhold for 60 days the \$500 reward for information which originally pointed to Hill as the perpetrator of the bizarre Lover's Lane killings on Duck Island.

Hill was convicted in Mercer County on December 29, 1944, and is serving a life sentence at State Prison. The county, upon recommendation of John J. Boscarelli, county counsel, was at the point of handing the reward to Martin Keane of Girard avenue.

Keane identified Hill as the man to whom he gave a pawn ticket for a shotgun linked to the slaying. Detectives and police officers who developed evidence on Keane's lead have waived claims to the reward.

Robert Queen, defense counsel, said the new evidence was not available at the time of the trial and now has been developed. He asserted that if the new evidence materialized, as indicated, Hill would be proven innocent of the crime.

## IF YOU EAT—READ THIS!

(Continued from Yesterday)

Part of the President's report on relief food exports is a so-called "partial report of the Cabinet Committee on World Food Programs," which is signed by three illustrious members of the President's cabinet: Secretary of Agriculture Anderson, Secretary of State Marshall, and Secretary of Commerce Harman. Let's look at some of the things which these three men have to say, officially and over their signatures, and compare them with the actual facts—some of them contained in the same report.

"To the full extent that it has been possible" (reads a passage in their "partial report")... ADVANCE NOTICE HAS BEEN GIVEN ON ALL PROGRAMS AND EXPORT PLANS. ALLOCATIONS HAVE BEEN ANNOUNCED IN ADVANCE. GOVERNMENT PURCHASES FOR EXPORT HAVE BEEN ANNOUNCED REGULARLY. THIS HAS BEEN DONE TO GIVE BOTH PRODUCERS AND FOOD HANDLERS ALL POSSIBLE INFORMATION ON OPERATIONS—TO REMOVE OR MINIMIZE ANY UNCERTAINTIES WHICH MIGHT ENCOURAGE SPECULATION OR RESULT IN UPSET CONDITIONS IN DOMESTIC MARKETS."

Now, consider a moment. That statement was made of a program which was announced ahead of time (after what was supposed to be an authoritative survey of the needs) as calling for 267,000,000 bushels of wheat. AFTER IT WAS APPROVED the estimate was raised to 400,000,000. And when it was completed, it is found that it totalled TWICE the original estimate!

Do you feel that you are entitled to receive a boast such as the quoted passage above—or an apology from these gentlemen for misguessing their wheat-export program by MORE THAN 100 PER CENT?

The most glaring suppression in the report is any breakdown which would show how much of the food was sent to pro-Communist nations who are our enemies, as compared with the share which went to potential friends.

But perhaps the most aggravating of the several statements in the report which come near to qualifying for the short and ugly word, "lies," is the following astounding sentence:

"Another fact of special significance in connection with the year's export operations is that it was possible to make the very heavy shipments abroad... WITHOUT ANY UNNECESSARY OR SERIOUS IMPACT ON THE DOMESTIC ECONOMY."

Where have these three men been, if they really believe any such nonsense. The country has seethed with labor strife and social unrest and industrial troubles. Back of these is the economic factor of rising costs of living. And key living-cost-advance which has caused ninety per cent of the trouble is the rise in food prices.

## VACATION SCHOOL AT CROYDON CONCLUDES

Enrollment for Bible Group Totals 103; All From Croydon Area

## EIGHT ON FACULTY

CROYDON, July 11—The Vacation Bible School of St. Luke's Lutheran Church, Croydon, the Rev. Theodore Kohlmeier, pastor, was brought to a conclusion yesterday.

The school was conducted from June 23 to July 11, with total enrollment of 103.

Teachers who assisted the pastor in conducting the school were: Mrs. C. Keeny, St. Anna Mae Kornfeld, Francis Turek, Theodore W. Kohlmeier, Carol Hutcheson, Florence Tomlinson and Donald Kohlmeier. Walter Meyerle served as registrar, secretary and treasurer.

The children were all from this community.

## Supper is Partaken of Following a Meeting

NEWPORTVILLE, July 11—The Cheerful Workers of Newportville Community Church—Presbyterian, held a meeting in the church basement on Wednesday evening. Mrs. Fred Kohler opened the meeting. Mrs. Fred Wimmersberger read the Scripture, followed by prayer by Mrs. C. N. Ingram. All joined in the singing of hymns. Miss Doris Sine taking the solo part.

After business, a covered dish supper was enjoyed. The next meeting will be July 23rd in the church basement.

## STORY OF A LAWBREAKER

Driver of the car in the ditch failed to yield the right-of-way, soon to an ambulance. He ran through a plainly visible stop sign, directly into the path of the ambulance, and was knocked across the road. Driver was killed, and a passenger was injured. Emergency vehicles always have the right-of-way—but at other times, too, it pays to be courteous at intersections. Failure to grant right-of-way ranked second as a cause of motor vehicle deaths in 1946. National Conservation Bureau advises: when in doubt, always yield the right-of-way.

## Benefit for War Mothers Is Held at Sharp Home

Mrs. Thomas Sharp, Wilson avenue and Harrison street, was hostess at a dessert card party, Wednesday afternoon at her home. The proceeds were for benefit of Bristol Chapter of American War Mothers.

Five tables of pinochle players were arranged. High scorers were: Mrs. Joseph Whyatt, 716; Mrs. Allan Parr, 710; Mrs. K. Iacovone, 688; Mrs. Mae Mulholland, 676; Mrs. Irene Sharp, 670.

## DISCUSS POSSIBLE POLICE PROTECTION

Fleetwing Estates Civic Ass'n Receives Information Regarding Duties

The monthly meeting of Fleetwing Estates Civic Association was held last evening at 10 Fleetwing Drive, home of the president, H. P. Minich.

Alleged speeding on the streets within the "Estates" was discussed. All residents had been asked to co-operate by keeping their own cars at low speed. Mr. Harrison announced that two temporary safety signs had been obtained for erection within the area.

William Fink announced that information from the State Police concerning possibility of local police protection for the "Estates" had been secured. He stated that: "A resident of the Estates would be nominated by petition as a deputy. When this petition will have gone through appropriate court action, the person nominated would be empowered to act as a 'Special Officer'."

The possibility of gas service for Fleetwing Estates had been investigated. It was reported that active interest of at least 51% of the community would be necessary before gas could be brought to the Estates. Members agreed to make a survey of all homes in the "Estates" to ascertain how many want such service.

The following questions will also be taken up by the survey: how many home-owners desire to have their property surveyed, how many are in favor of action on mosquito control, and how many wish to acquire land behind the "Estates" as a recreational area.

## 3 APPOINTMENTS ARE MADE TO THE BENSALEM FACULTY

Board Members Name Elementary, Language and Music Instructors

## A NEW TREASURER

Charles West Succeeds Norman Gaugler as Treasurer of The Board

CORNWELLS HEIGHTS, July 11—In the absence of the president, Vice-President George Cragg presided at the July business meeting of the Bensalem township board of school directors.

At the meeting on Wednesday evening, Charles West, former vice-president, resigned that post to accept the trusteeship. He succeeds Norman Gaugler.

Members of the board were informed that the accounts for the school district are ready for audit, and that auditors will assume their task next week.

Painting of the interior and exterior at Trevoise school building is nearing completion.

Tablet-arm chairs have been purchased for use in the laboratory, these to be used instead of the tables and stools previously arranged there.

There were three appointments made to the faculty, namely: Miss C. Isabelle McCoy, a former Bensalem teacher, named elementary teacher; Mrs. Lenore Stratton, elected language and English teacher in the high school; Lewis H. Benzon, named secondary teacher in the field of music.

### NURSES PAY

In an effort to ascertain why so  
few girls are entering the nursing  
profession the Labor Department  
has conducted a survey of all  
branches of nursing in all states.  
Five words sum up what it found.  
"Hard work and low pay are the  
basic reasons for the current  
shortage of trained nurses."

The public, which is usually on  
the paying end, is inclined to think  
of nursing as a well-paid profes-  
sion. At any rate, most persons  
know that it is expensive business  
to have a trained nurse in the  
house for a week or two.

But, by modern standards and  
considering the long course of  
training which a girl has to com-  
plete before she can wear the cap  
of a registered nurse, the \$40 a  
week which the average nurse  
earns for 44 hours of work is on  
the low side.

The suggestion that the coun-  
try can obtain more nurses by  
raising rates of nursing pay, while  
useful, is hardly a novel proposal.  
The survey brought out some other  
interesting points. It found that  
at least a quarter of the duty hours  
of the average hospital nurse were  
spent on such things as making  
beds, feeding patients, carrying  
trays, answering lights, and other  
duties which could be done just as  
efficiently by less well-trained per-  
sonnel.

Nurses also complained of lack  
of security against unemployment,  
poor living conditions and lack of  
provision for retirement. But the  
main answer seems to be that it  
will be necessary to relieve nurses  
of some of the drudgery of  
their job and pay them better if  
enough girls are to be induced to  
enter the profession to meet the  
nation's needs.

### THOSE FLYING SAUCERS

The plague of reports from over  
the nation that "flying saucers"  
have been seen zooming through  
the skies at tremendous speeds,  
would receive more credence if it  
were not so well known that herd  
psychology often causes a number  
of people to fall victim to fancies  
originating with one.

Persistence of the reports  
prompted the Army Air Forces to  
undertake a "preliminary investi-  
gation," but this was quickly  
dropped for lack of more concrete  
information. Now, the Navy has  
pitched in with a denial that the  
"saucers" or discs, as they have  
been described, are the new naval  
experimental planes known as the  
"Flying Flapjacks."

Whatever foundation in fact or  
delusion the alleged aerial craft or  
objects have, they have excited  
wide curiosity—and have evoked  
all sorts of explanations. A San  
Francisco layman flatly asserts  
they are space ships from far-off  
planets, but a Chicago scientist  
petulantly opines that those claim-  
ing to have witnessed the flight of  
the "saucers" were only seeing  
spots in front of their eyes.

The American people have pro-  
gressed beyond the "goldfish eat-  
ing" stage. The screwball seg-  
ment of the population has become  
more aesthetic. It now "sees"  
dishes zooming through the sky.

## If You Eat -- Read This!

Continued from Page One

Those food prices were driven up in calculated and irresist-  
ible fashion, involving the amount of food being siphoned off  
the American market; but involving also a deliberate govern-  
ment program of paying more than normal market prices for  
this food—thereby raising food prices to every citizen in the  
United States.

Close to these Cabinet members, close to the White House,  
close to gigantic forces of propaganda, and entrenched in power-  
ful seats at the spider's-center of the network of government,  
are a cluster of men who believe in totalitarian government.

They have fought for it for years. A key policy is control  
of prices, commodities, production and markets. Stalin needs  
this to run Russia; this band of conspirators needs it to Com-  
munist America.

The existence of such a pro-Communist cluster high in our  
national life has long been recognized.

The picture which the food program report paints is that this  
group is powerful enough to take twice as much food away  
from the American people, and play politics with it abroad, as  
they said ahead of time they proposed to divert.

And as for the OPA, this group was the very one responsible  
for thousands of forecasts that living costs would soar if the  
Congress dared to dismantle the political machine set up to  
administer price and rationing controls.

Do you see how the report shows clearly that this group was  
able to use billions of the American people's money, behind the  
umbrella of a "relief" program for starving unfortunates abroad,  
to make absolutely certain that food prices would rise and rise  
and rise, on the grocery counter?

Now let's look for a moment at the broader aspects of the  
food relief program.

There are three, and only three, possible ways in which the  
program could justify itself. Here they are:

First, if it was a sincere and straight-forward effort to re-  
lieve starvation and distress, at a minimum cost to the American  
people. But the whole relief program reeked with politics. Our  
diplomats played "starvation-politics" to the utmost. The food  
was sent or withheld, not on a basis of need, but the power-  
schemes of our "globalism" boys.

Second, the program would justify itself if it had been used  
to build up unity and cooperation of world powers under the  
United Nations program—which our leaders all insist they favor,  
but which they have knocked to flinders with "bilateralism."  
The program was not so used. The United Nations organization  
is far sicker today than when the food-relief program began.

Third, the only other way to justify the food program would  
be if it had been used to strengthen our own national security  
and our goodwill in foreign lands. But it failed here, too. We  
have fewer friends abroad than a year ago. Our security is less.  
In fact, during the very time when this food relief program was  
at its biggest, our own national government somersaulted into the  
extreme position that our security is so endangered that the  
only way we can hope to be safe is to dedicate our government,  
possessions, youth and lives to a military program of preparation  
for World War III.

Whatever else may be said of the Truman Food Report, it  
certainly contained food for thought!

### A Summary of The News

Continued from Page One

Vakia reversed her stand, her dele-  
gate to the International Cereals  
Conference had called for mobiliza-  
tion of all available grain and its  
distribution on a fair and demo-  
cratic basis.

Paris had discounted the boycott  
by Soviet-dominated nations, and  
the conference will open as sched-  
uled tomorrow morning.

President Truman may discuss  
the Marshall plan with Congres-  
sional leaders Monday. Although  
he sees no reason now to call Con-  
gress into special session he will  
do so if necessary.

The Russian member of the Allied  
Control Council for Austria de-  
manded the repeal of the inspection  
and control provisions in the Amer-  
ican post-UNRRA relief program  
for Austria. He said they breached  
previous Allied agreements and at-  
tacked Austria's independence. At  
Lake Success the Russians vainly  
tried to block Austria's application  
for membership in the United Na-  
tions on the ground that a peace  
treaty had not been drawn.

Greek Government troops were  
reported in a heavy battle with  
4,000 guerrillas along the Albanian  
border.

Viscount Mountbatten will be  
British Governor General to the  
new Hindu dominion in India and  
Mohammed Ali Jinnah, head of the  
Muslim League, Governor General  
in Pakistan.

### ANDALUSIA

Congratulations are being ex-  
tended to Mr. and Mrs. Paul Dean

**BIG-CAR QUALITY**

**You'll like that Big-Car styling!**  
You'll like the long, low lines of the new Chevrolet. You'll like the look of massiveness and sturdiness. That big, beautiful Unisteel body is by Fisher, you know—the only body by Fisher in the low-price field!

**You'll like these Big-Car features!**  
Chevrolet's packed with features that give you Big-Car comfort and safety. Positive-Action Hydraulic Brakes, for example, with exclusive design features for safer, surer stops. Unitized Knee-Action, for instance, that adds stability and ease of steering, as well as riding comfort.

**THIS—you'll love!**  
But your greatest thrill will come when you find out that Chevrolet is the lowest-priced line in its field... and the line that costs less for gas, oil and upkeep. Chevrolet's the one car that gives you Big-Car Quality at Lowest Cost!

**You'll like our service, too!**

GARDEN-FRESH  
VEGETABLES TOP  
APPETITE APPEAL

Vegetables fresh from the garden tempt the taste and appeal to the appetite.

Now is the time when vegetable dinners are especially appealing. Their bright, fresh colors make "one's mouth water" just to look at them. Their flavor is never better than when they are young and tender and straight from the garden. Likewise, the nutritive value is highest in these garden-fresh vegetables.

If some vegetables are served raw, more of their food value is saved, as well as color and flavor.

Try combining any or all of these raw vegetables in a salad bowl: shredded spinach, carrots in thin strips or slices, cucumbers diced or in thin slices (the skin is good; don't throw it away), shredded cabbage, green pepper in thin strips or slices, radishes and celery, cauliflower separated into flowerets (these flowerets may sometimes be sliced thin for variation), lettuce either shredded or the leaves used as a garnish around the salad bowl, watercress and parsley, tomatoes cut in wedges or thin slices, and onions.

If preferred, cooked green peas or snap beans and sliced hard-cooked eggs may be added.

Combine as many of the foods as the family likes or any others in the garden that are good in a salad, and moisten with French dressing. Toss lightly with a fork until the vegetables are coated but not soaked with the dressing. Serve at once.

A gelatin base may be used for some of the vegetable salads. But remember that on a warm summer day, the salad should not be taken out of the refrigerator until time to serve. To be really appetizing, salads should be served cold.

- and Ability to match

GIVE yourself five seconds, and you know that here's car styling as up to the minute as the time of day.

Spend a few fast minutes to see why — and you spot both smartness right from tomorrow's designing boards and everything that should go with it.

Measure the reach and spread of that Buick bonnet, brim-filled with Fireball power.

Sweep your glance over the broad beam that spells room, the stretch that means easy-riding wheelbase, the size that tells of enough roadweight to end jounce and jitter.

Here, you tell yourself, is something to see. Here are looks to hold the eye for seasons to come — and lively, durable ability to match:

... Rich abundance of smooth, hushed Fireball horsepower from a

straight-eight kept young and lively by Accurite cylinder finish.

... Tireless coil springing on all four wheels, leveling all roads to boulevard smoothness.

... Riding poise from two steadying tons of roadweight — ease of handling from balance to draw a ballet dancer's envy. Soft, roomy cushions seating three apiece — finish that's the very last word in richness and taste.

Yes, it takes no time at all to show that you and Buick belong together, should go together steady — so what's holding you back?

After all, we can't do much about getting one to you till you make your wishes plain. You do that simply by placing your order — which will get equal consideration whether or not you have a car to trade.

TUCK AWAY PLenty! Roomy luggage compartments hold plenty — and high-lifting lids make it easy to get at any piece.

## Junior Legion Plays Perkasie Nine Tonight

The Bristol Junior Legion will play Perkasie this evening and Langhorne tomorrow afternoon in Bucks County League games. A double triumph will put the Bristol team back into the running for the championship.

Several weeks ago, the locals scored a 12-0 win over Perkasie which was the first triumph Bristol ever had over Perkasie in Legion competition.

Manager Vito Della will use his two aces, "Lenny" Jones and Bob Young against his two opponents.

This evening's contest will begin at 6:30 o'clock while the game tomorrow afternoon starts at 2:30 o'clock.

## SUNDAY DINNER Suggestions

The peach, history tells us, is probably native to either Persia or China. In the latter country it has been grown since time immemorial.

Almost all of the common varieties are capable of being classed as white or yellow fleshed. These types are again roughly divisible into two types, freestone or clingstone.

The common Georgia peach is a development of a special Chinese form brought to Georgia by way of Australia. It is distinguishable by its red-checked skin and small flat stone.

According to the A & P Service for Home-Makers, peaches should be consumed or preserved as speedily as possible for they are apt to deteriorate quickly. Peaches can be kept in a temperature of about 60 degrees. At this temperature they will last from two to four weeks. Above that, the process of ripening continues and they deteriorate.

With the return of sugar to the peach is anticipated volume, and a record peach crop expected, this year should see a return of peach preserving. If properly preserved in jars, or made into jam, the delicious yellow fruit can be enjoyed all through the year.

The nutritional value of the peach is very high. They should not, however, be eaten unless fully ripe, for when green they are somewhat indigestible.

For a delicious Sunday dinner try broiled veal cutlet with tomato sauce, mashed potatoes, fresh string beans, a lifted green salad, and for dessert, peach pie and a beverage.

## RECIPES

### WARMED-OVER BEANS ACQUIRE NEW PERSONALITY

Bored with beans? That bowl of them in the refrigerator, left over from Sunday's dinner, can be combined with tomatoes and cheese to make a new and piquant combination for Monday night's table. The tart flavor of tomato, to which is added the shapeliness of melted cheese, makes a combination the whole family will welcome.

Of course, the beans don't have to be left-overs. They may be fresh or frozen or canned—and the tomatoes either fresh or canned. Either way, they are equally easy to prepare. This casserole dish, which can be put together with a minimum of time and effort, is one which makes for smoothness in the household when most of the afternoon has been used up with shopping, baby-care or a committee meeting at the club.

Combinations like this one also, home economics experts remind us, are good for the family because they add several distinct nutritional elements to the diet. The milk and cheese in this recipe qualify the casserole for a quick one-dish luncheon which school children will enjoy and which will put no noticeable strain on the week's food budget.

2 cups cooked green beans  
2 medium-sized tomatoes, sliced  
Cook onion in butter until lightly browned. Add flour, 1/4 teaspoon salt and pepper and blend. Stir in milk slowly. Add cheese and cook, stirring constantly, until sauce is smooth and thickened. Add beans and mix lightly.

Turn 1/2 of bean mixture into greased 1 1/2-quart casserole. Cover beans with tomato slices and sprinkle with remaining 1/4 teaspoon salt. Top with remaining bean mixture. Bake in a moderate oven (375 degrees F.) about 20 minutes, or until tomatoes are tender and cheese browned. Makes 6 servings.

Note: Fresh or frozen green beans, cooked or canned beans can be used. One No. 2 can tomatoes, drained can be substituted for fresh tomatoes.

### GOTTA MATCH, FELLA!

CHARLESTON, III. (INS)—It is doubtful that Harry McKinley will carry kitchen matches in his shirt pocket again. He streaked into the Charleston fire department recently with his shirt front in flames. A good dousing of water with a large hose subdued the flames and left McKinley breathless. Firefighters said that although drivers occasionally bring in burning cars, McKinley was the first to enter the station on foot with a personal fire.

### Today's Quiet Moment

By Rev. Dickley Burns Brodhead  
Pastor  
Bensalem Methodist Church

Spirit of Life, in whose service we find perfect freedom, we would pray for those about us. Lift our community closer to the pattern of the city which hath eternal foundations, of which Thou art the builder. We would be building a nobler community about us; be Thou our guide. May the pattern of Thy Kingdom and the spirit of the Christ be Thy gifts to us as we build together. In all things may we see Thee more clearly, love Thee more dearly, and follow Thee more nearly through Jesus Christ our Lord. Amen.

## SOBY POST TIES GOODWILL TEAM AT SCORE OF 5

Game Was Slow During  
The First Three  
Innings

EVERITT IS RELIEVED

Hopkins and McDevitt Did  
The Pitching for The  
Firefighters

The Goodwill Hose team was the participant in another tied game last evening as it and the Soby Post nine, of Langhorne, battled to a 5-5 score in a Suburban League game on the Third Ward field.

The game was slow in the first three innings which saw both teams score all their markers. However, both clubs tightened up in the last five innings and played scoreless ball.

"Pete" Everitt started on the mound for the Soby men and failed to retire a batter and four runs crossed in the first inning. He was relieved by Dale Miller who promptly fanned McGerr, Sackville, and McDevitt. He started the second by striking out both Hopkins and Eimer and then struck out three more in the third.

In the fourth inning, Everitt went back on the mound for Soby, he going to rightfield when relieved by Miller. Everitt took on where Miller left off and fanned the side in the fourth and two more in the fifth. In all, the pair of Soby hurlers had 15 strikeouts and allowed eight hits.

Four of the eight hits went to Joe Cahill who is now leader of the Bristol Suburban League in batting.

"Jim" Hopkins and Joe McDevitt pitched for Goodwill. Hopkins left the mound in the fourth, being relieved for five runs and six hits. Soby had three hits off McDevitt.

## SPORTSMEN'S BRIEFS

By JOE ELBERSON

Still poor... bass fishing, and most other fishing in local waters, remains very mediocre, with not more than a few dozen bass reported taken in both the Canal and Silver Lake. Some large catfish, however, are being caught in the River. As of today no entries of bass or pickerel have been made in either the contest of the Bristol Fish & Game Protective Association, which is conducted for members only, or the contest sponsored by Diamond Sporting Goods, which is open to all licensed anglers.

Dropping... during the past week the level in the Canal above the two-mile lock has dropped more than a foot. There is very little movement of water. As a matter of fact, there is very little water. Several contributing factors are probably responsible for this condition. First, the intake at Point Pleasant is still not functioning properly; second, the pipes which carry the water under most canal crossings are too small; and third, the large pumps used by a nearby truck farm are drawing off tremendous quantities every day. The same condition has prevailed in previous seasons with not too much damage to fishlife. Hope the fishlife survives the present predicament.

Stocking... a small number of hen and cock pheasants (excess breeding stock from one of the Commission's game farms) were recently released in Bucks County. The stocking was under the supervision of Edwin Flexler and Earl Carpenter, county game protectors.

Good meeting... the big, quarterly meeting of the Bristol Fish & Game Protective Association, held Tuesday evening in the Odd Fellows' Hall, was very well attended and a fine program of movies was presented at the conclusion of the business session. President Ollie Hobbs was in charge. It was fine to see so many boys and young men present.

Stocking... eleven hundred trout (300 rainbows and 800 brookies) were stocked in Ingrams Run on July 2nd, according to Harry Coles, State Fish Warden. Harry said the fish were all well over the legal limit in size, some of them ranging up to 18 inches. The stream is located in the New Hope section and most of it is open. Anyone in New Hope will be able to direct you to it.

Figures... according to a report of the U. S. Fish & Wildlife Service the total number of waterfowl killed last season numbered 19 million, while another 5 million were crippled and lost.

New powder... clay pigeons will be the first peacetime targets for the revolutionary wartime development of ball powder. This powder which upset the manufacturing traditions of the explosive industry, first went into full-scale production in October, 1940, for the British after their disaster in June of that year at Dunkerque.

Produced under water five times faster than powder made by conventional methods, the new Minimus Ball Powder is now being loaded into Trap and Skeet shotshells and will be available at the National Skeet Shoot at Syracuse, New York, from August 6th through 10th, and at the Grand American Trap Shooting Tournament at Vandalia, Ohio, from August 15th through 23rd.

This announcement was made last week by John M. Olin, president of Olin Industries, Inc., which developed ball powder and is using it for the first time in Super Trap and Super Skeet shotshells produced by its Western Cartridge Co. and Winchester Repeating Arms Co. divisions.

The new powder is claimed to be more stable, clean burning, smokeless and to have a very soft recoil, together with more uniform fast ignition.

## VOLTZ CONTINUES TO HOLD LEAD IN SECOND DIVISION

Oilmen Defeat Democrat  
Club by Score of  
11 to 7

DEITCH WAS WILD

Krames Led the Voltz Stick-  
men With Two Out  
of Three

The Voltz-Tenaco batters continued to lead the second division of the Bristol Suburban League by registering an 11-7 win over the Democrat Club last evening on Leedom's field.

The Democrats failed to take advantage of Deitch's wildness to score more runs although they pushed over a quartet of tallies in their last turn with the stick.

Both sides had 10 hits with Art Krames leading the Voltz batters with two out of three and "Hokey" Leighton having the same average for the Democrat Club.

Angelo Sallustio and Bob Norris pitched for the losers.

The Brew with a  
Head of its Own—

Yes, the creamy, snowy head that crowns each glass of Krueger Beer or Ale is no mere decoration. It's a promise—a promise of satisfying good taste—of mellow smoothness—of natural liveliness. For that head is Nature's gift—it's the result of natural carbonation. That's why Krueger is the brew with a head of its own!
